Price list 2009

Pos.	Service	Individual Price [€]	Amount	Total Price [€]
A	Pre-testing procedure			
1	Fee - Branch office	200,00	1	200,00
2	Examination of the submitted data capture form for the product declaration in respect of the a) Completeness of the submitted documentation, b) Conformity with the basic criteria	900,00	1	900,00
3	For the concurrent testing of multiple products / product groups per additional product group Additional services according to their scope ⁽¹⁾	100,00	0	0,00
		Dependent upon scope/ effort required		Dependent upon scope/ effort required
	Total - Pre-testing procedure			1.100,00
B	Main testing procedure			
1	Production site visit and sample taking per production site Travelling expenses	450,00	1	450,00
		Dependent upon scope		Dependent upon scope
	Assessment (dependent upon scope) ca. 5 h	90,00	5	450,00
2	Assessment of the product life cycle Examination of the ecological indicators (Costs/effort dependent upon the product group and/or the components employed): 8 to 20 h	90,00	8	720,00
3	Laboratory tests According to Section 3 of the product specific issuance guidelines	See Pos. E		0,00
4	Project management assessment and report preparation	1.125,00	1	1.125,00
5	Quality control by Test Commission / issuing body	180,00	1	180,00
6	Fee - Branch office Additional services according to their scope ⁽²⁾	400,00	1	400,00
		Dependent upon scope/ effort required		Dependent upon scope/ effort required
	Total - Main testing procedure			3.325,00
C	Licensing fees			
1	On successful completion of the main testing procedure and on the basis of a licensing contract, the product will be granted permission for the display and use of the quality label. The licensing fees constitute 0.05 % of the turnover from certified products within those countries in which natureplus is active. The final fee is payable subsequent to the submission of the annual report. Multiple production sites within an individual country are treated as one unit. A pre-payment of 70% of the expected licensing fee, but at least the minimum defined licensing fee, is to be paid in advance.			
		Dependent upon turnover		
2	The minimum licensing fee for the first certified product	1.000,00	1	1.000,00
	For two comparable products (Testing according to the same issuance guideline)	1.250,00		
	For three comparable products	1.350,00		
	Supplementary fee for every additional comparable product	100,00		
3	The minimum licensing fee for non-comparable products (Testing according to different issuance guidelines)			
	For two non-comparable products	1.500,00		
	For three non-comparable products	1.750,00		
	Supplementary fee for every additional non-comparable product	250,00		
	The degression will be calculated in the most advantageous form possible for the organisation concerned. Should the minimum licensing fee exceed the applicable licensing fee in a highly over-proportional manner, a fee-cap can be negotiated.			

Total - Licensing fees				1.000,00
D	Additional services (optional)			
1	Translation of the testing report and certificate - per report and language	400,00	0	0,00
2	The assignment/transfer of the quality label to identically produced products	50,00	0	0,00
3	The assignment/transfer of the quality label to identically produced third-party products including the transcription of certificates and test reports by the branch office	500,00	0	0,00
	Special wishes relating to the transfer which require the services of an independent assessor	Dependent upon scope/ effort required	0	Dependent upon scope/ effort required
E	Laboratory tests			
1	Component analyses:			
1,1	AOX / EOX			
1.1.2	absorbable organic halogen compounds (AOX)	95,00	0	0,00
1.1.3	Extractable organic halogen compounds (EOX)	95,00	0	0,00
1.2	Metals/Metalloids			
1.2.1	Sample preparation:			
1.2.1.1	Acidic decomposition	15,00	0	0,00
1.2.1.2	Decomposition under pressure (Microwave)	41,00	0	0,00
1.2.1.3	Decomposition due to melting	41,00	0	0,00
1.2.1.4	Combustion	51,00	0	0,00
1.2.1.5	Eluates, Production according to DIN 38414-S4	18,00	0	0,00
1.2.2	Assessment:			
1.2.2.1	1 Element	20,00	0	0,00
1.2.2.2	2 Elements (same sample)	34,00	0	0,00
1.2.2.3	3 Elements (same sample)	49,00	0	0,00
1.2.2.4	Each further element (same sample)	10,00	0	0,00
1.2.2.5	Boron (Double testing)	55,00	0	0,00
1.2.2.6	Chrome VI	85,00	0	0,00
1,3	Pesticides			
1.3.1	Organo-chloride pesticides	125,00	0	0,00
1.3.2	Organo-phosphorous pesticides	130,00	0	0,00
1.3.3	Pyrethroids	145,00	0	0,00
1.3.4	Herbicides	185,00	0	0,00
1.3.5	Diquat dibromide	145,00	0	0,00
1.3.6	Other pesticides (See RL 0209)	150,00	0	0,00
1.3.7	Other pesticides (See RL 0112)	380,00	0	0,00
1.4	Additional components			
1.4.1	Polycyclic Aromatic Hydrocarbons (PAH according to EPA)	125,00	0	0,00
1.4.2	Organo-phosphorous – Flame retardants	150,00	0	0,00
1.4.3	Formaldehyde (WKI-Meth.) (Double testing)	115,00	0	0,00
1.4.4	Foreign materials / Fibres (SEM; Purity control)	130,00	0	0,00
1.4.5	Polyester fibres (quantitative)	140,00	0	0,00
1.4.6	TOC	82,00	0	0,00
1.4.7	Radioactivity (K-40, Cs-137, Th-sequence, U-sequence, Ac-sequence)	190,00	0	0,00
1.4.8	Total VOC (in-can)	150,00	0	0,00
1.4.9	Aromatic hydrocarbons (total) CMR-Aromatics individual	100,00	0	0,00
1.4.10	Terpenes (incl. Delta-3-Caren)	85,00	0	0,00
1.4.11	Glycol ethers/-esters	140,00	0	0,00
1.4.12	Phthalate esters	135,00	0	0,00
1.4.13	Monomer Acrylate	85,00	0	0,00
1.4.14	Free Formaldehyde (according to VdL-RL 03)	85,00	0	0,00
1.4.15	Carcinogenic Amines from Azo Dyes (according to BgVV)	110,00	0	0,00
1.4.16	Organic tin compounds (MBT, DBT, TBT) Individual values	215,00	0	0,00
1.4.17	Natural latex content	180,00	0	0,00
1.4.18	pH-Value	30,00	0	0,00
2	Emissions analyses:			

2,1	Testing chamber-Provision:			
2.1.1	for 3 days	470,00	0	0,00
2.1.2	for 28 days	1.250,00	0	0,00
2,2	Volatile Organic Compounds (VOC)			
2.2.1	CMR-VOC, after 24 hrs.	220,00	0	0,00
2.2.2	VOC (TVOC), after 3 days or after 28 days	220,00	0	0,00
2,3	Formaldehyde (Double testing)	95,00	0	0,00
2,4	Further Aldehydes/Ketones	130,00	0	0,00
2,5	Isocyanates	180,00	0	0,00
2,6	Smell/odour	175,00	0	0,00
	Total - Laboratory tests			0,00
F	Re-examination (Conformity test) (every first and second year after the main testing procedure)			
1	Conformity test	90,00	1	90,00
2	If applicable: Investigation of the compliance with additional requirements from previous natureplus test procedures (Pos. B1, B2)	90,00		Dependent upon scope/ effort required
3	If applicable: Laboratory tests of a reduced scope. Determination of the test parameters dependent upon the results of the main testing procedure in the test report.	Dependent upon scope/ effort required		Dependent upon scope/ effort required
4	Report preparation (only for F2 and F3)	150,00	1	150,00
5	Fee - Branch office	100,00	1	100,00
	Total - Re-examination			340,00
	Note: If changes have been made to the components employed and/or to the production process, it will be decided whether additional tests (Pos. B1, B2), or if applicable, a new complete test assessment is required.			
G	Repeat Testing (3 years after the main testing procedure)			
1	Production site visit and sample taking per production site Travelling expenses	450,00	1	450,00
	Assessment (dependent upon scope) ca. 5 h	90,00	5	450,00
2	Assessment of the product life cycle Examination of the ecological indicators (conformity tests; A new assessment is only required if there have been changes since the main test procedure was carried out): ca. 6 h	90,00	6	540,00
3	Laboratory tests According to Section 3 of the product specific issuance guidelines	See Pos. E		0,00
4	Project management assessment and report preparation	810,00	1	810,00
5	Quality control by Test Commission / issuing body	180,00	1	180,00
6	Fee - Branch office	200,00	1	200,00
	Total - Repeat Testing			2.630,00

A Pre-testing procedure		1.100,00
B Main testing procedure		3.325,00
1	Production site visit and sample taking Travelling expenses (additional)	900,00
2	Assessment of the product life cycle	720,00
3	Laboratory tests	0,00
4	Project management assessment	1.125,00
5	Quality control by Test Commission / issuing body	180,00
6	Fee - Branch office	400,00
C Licensing fees		min. 1,000.00
1	0.05 % of the turnover from certified products within those countries in which natureplus is active	Dependent upon turnover
2	The minimum licensing fee for the first certified product	1.000,00
	For two comparable products	1.250,00
	For three comparable products	1.350,00
	Supplementary fee for every additional comparable product	100,00
3	For two non-comparable products	1.500,00
	For three non-comparable products	1.750,00
	Supplementary fee for every additional non-comparable product	250,00
